MISSIONS

across the street & around the world

The **Hendrixes** have been based in Lyon, France, since 1975. They have assisted churches in numerous ways throughout French-speaking Europe. They have also been able to help resolve conflicts and encourage church growth on over 30 mission trips to other countries in the French-speaking world.

Arlin and Pamela have taught hundreds of people about God and have given the opportunity to thousands more. For 15 years they conducted marriage seminars throughout the French-speaking world, and now their sessions are a free online resource.

People sometimes ask: "Do you feel your time in Lyon has been wasted since there are so few members?" They respond: "Not at all. We came to Lyon to preach Jesus Christ. In that respect, the response has always been 100%. Everyone we have taught has responded—either 'yes' or 'no'."
